## ENJOY TIME IN & OUTDOORS

All our amazing spaces, both inside the main building and in the surrounding area, have been designed with maximum flexibility in mind for games, team activities or for young people to simply enjoy their freedom.

The main hall provides a wonderful focal point for your group. The dramatic, high timbered ceiling creates great acoustics for musical events and the steps to the chancel form a natural stage.

For many young people, time around the campfire and BBQ can be the highlight of their trip. It's time to talk, share life experiences and enjoy the moment together. The adjacent games field with no public access is a stunning setting to enjoy a multitude of activities as well as overflow camping for larger school groups.

## SLEEPING

We welcome groups of all sizes. Big or small, each group enjoys sole use of the entire site. Up to 36 can sleep in our bunkrooms with the option to<sup>i</sup> add a further 30 camping.

There are 5 separate shower cubicles and 7 toilets in the main building plus the option to use a further 4 shower cubicles and toilets in washrooms in our new Herald Building (includes an accessible shower/toilet in both buildings).

### EATING

Our fully equipped modern kitchen has everything you need for self-catering for up to 66. The hatch to the main hall makes it easy for young people to help.

## Fully equipped kitchen

#### **Campfire**

Experience cooking in the great outdoors on our BBQ grills & eating around our campfire whilst enjoying the view and beautiful sunsets.

# OUR COMMITMENT TO THE ENVIRONMENT TO THE

This is an ancient site. Communities have existed in harmony here since the bronze age with local sheep farming, leatherwork, lacework and reed-weaving – all important medieval industries. As custodians, we have a duty to share knowledge, engage and lead in caring for our environment. This is particularly important to us as we work with young people whose future will be impacted by how we operate.

We are proud to have achieved Silver Award certification from Green Tourism in recognition of our extensive work in developing a

sustainable, biodiverse Centre in direct response to our commitment to young people, our community and the planet.

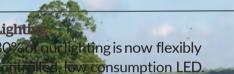

#### Green Education

Our ongoing initiatives include: nature walks, nature identification boards, re-wilding activity (tree & hedgerow planting, wildflower bridging), sociohistorical quizzes, binocular birdspotting, star-gazing, eco-signage tips & on-site forest school activities.

#### Energy Use

Our electricity source is 100% renewable energy (hydro and wind). We have an efficient eco-air-source system for all our (underfloor) heating and hot water needs. Double glazed windows and insulation minimise heat loss, making it comfortable and sustainable for year-round accommodation.

#### **Local Food Sourcing**

We encourage you to support our village shop and local farms if you can. They will deliver boxes of fresh groceries with only a few days' notice.

#### **Drinking Water**

Our Bedfordshire water is lovely from the tap.

#### Recycling & Waste

We have ongoing initiatives to source ecological and recycled products. We have drastically reduced the amount of land-fill waste and recycling we produce and are committed to working with you and our local partners to do more.

#### Single-Use

We strongly discourage the use of single-use cutlery, plates, bowls, cups or plastic water bottles.
