Fieldwork at The Chellington Centre

The Chellington Centre is a popular choice for school groups, with many returning year after year. At Chellington, we offer exclusive-use accommodation and facilities for both residential and day trips, taking pupils beyond their normal environment with a lasting effect on personal and social development.

The centre is ideally placed to support a wide range of activities and cross-curricula themes within the national curriculum.

"Our GCSE students had an amazing time at the Chellington Centre studying the River Great Ouse. They loved getting into the river to collect primary data! An experience that brought geography to life and created lasting memories."

Secondary school head of geography

Fieldwork at The Chellington Centre

Practical geography fieldwork for all ages:

- Bespoke planning by our Programme Manager, to fit the needs of your group and the requirements of the national curriculum and examination boards. Our Programme Manager has over 25 years experience in the organisation and implementation of geography fieldwork experiences.
- Advisory risk assessment provided with guidance on site choices.
- Student work booklet (pdf) and introductory PowerPoint provided.
- Support during the day from a Chellington tutor. (Available Tuesdays and Wednesdays)
- Bursary fund available for disadvantaged youth groups.

Our modern eco-friendly accommodation includes:

- 7 hostel style rooms with bunks
- 36 beds in total
- 2 additional meeting rooms
- Fully equipped self catering kitchen
- Large hall
- Garden with BBQ and campfire area
- Large playing field
